

ISKUL SAMA DILAUT OMADAL

To build young leaders among the stateless and local community through holistic education

Iskul E-News Issue 2 / May 2018 || 2 May 2018

Dear <<NAME>>,

The year 2017 has been eventful for Iskul and without us realising how fast time flies, the year has ended. It took us a while to get a grip on the reality, and as soon as we did, we are overwhelmed! We are overwhelmed by how far we have come and how much support we have received from generous people like you!

To sum up the year, we have finalised our account and hereby sharing with your our financial summary for the year.

New Output from Iskul!

ISKUL SAMA DILAUT OMADAL FINANCIAL SUMMARY 2017

GAPS IDENTIFIED	SIMPLE SOLUTIONS
No proper classroom and it has affected our students' attention during lessons.	Construct Pondok Iskul.
Our Mastal Arnik have yet to master the teaching skill. We aim to provide them training classes to enhance the skill.	Provide Teaching Camps for Mastal Arnik.
Lack of monitoring and supporting mechanism on the ground for our Headmistress, Mastal Arnik and students.	Recruit a Field Coordinator.
Lack of self-esteem and high self-consciousness amongst students.	Plan and conduct activities that focus on their emotional well-being.

By Iskul decided that we need to raise funds for five critical aspects and allocated budget according to the following categories:

Students RM 9,000	Mastal Arnik RM 5,000	Headmistress RM 1,000	Pondok Iskul RM 20,000
Coordinator Team RM 40,000	Monitoring Team RM 1,700	Management Team RM 14,000	General RM 20,000

Here is a brief financial update of how we spent and what we received in 2017.

Iskul obtained funds from the general public which we called the Friends of Iskul (FoI). The majority of the FoI decides where their fund goes to within the eight critical aspects. Almost half of the donation were specified for the Pondok Iskul's construction (46%) followed by Field Coordinator (23%), General (19%), Students (8%), Mastal Arnik (2%), Iskul Management Team (2%), and Headmistress (1%).

Highlight for this Issue

In September 2017, Iskul submitted an application proposal to Mah Sing Foundation to fund the construction of Pondok Iskul. By October 2017, we received confirmation that the proposal has been approved! Iskul is grateful to receive a total of RM 50,000 fund from the Mah Sing Foundation. We immediately kickstarted the purchasing of raw material and construction of Pondok Iskul. It took us more than four months to complete its building followed by another two months to budget and plan for its furnishing. Classes have commenced in the Pondok after its completion in February this year. We are now in the final stage of confirming the furnishing needed for the Pondok.

What's Happening Next in Iskul?

Iskul 2nd Strategic Planning Meeting May 2018

Following the first successful planning meeting held in early 2017, the team will be joined by the Headmistress and Iskul Field Coordinator in this coming meeting. This 5-day meeting aims to review and reflect Iskul's journey in 2017 and plan for activities in the year 2018 and 2019.
