What's Happening Next in Iskul?

Aktiviti Sukaneka Iskul Bersama Penduduk Kampung **October 2018**

The event is proposed by Mastal Arikik with the intention to strengthen relationships between students, parents, Mastal Arikik and villagers of the Omodal Island and the stateless community. It is hoped that social ties between the communities can be bridged through fun activities planned for them.

Awareness Session "Tak Nak Bergam" for Stateless Community **November 2018**

Iskul has been trying to address the glue-sniffing issue that has plaque the community for many years. Our Headmistress and Field Coordinator proposed that an awareness session be conducted for the community especially targetting the parents of our students. The session is aimed to provide a glimpse of the negative consequences to a young child and hopefully advise them to enforce the no-glue-sniffing habit within their family.

Hari Iskul & Anugerah Cemerlang **December 2018**

Since the first Iskul Anniversary and Award Day was held in 2016, Iskul wishes to continue recognising and celebrating everyone's effort in sustaining the operation of Iskul throughout the years. This event is also hoped to provide the acknowledgement of many important roles who have directly and indirectly supported Iskul towards the making the many milestones today.
